Dear Commissioner Henney,

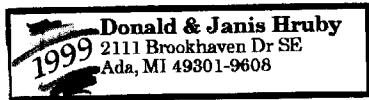

I am writing in reference to Docket 99P-0033/CP1, and I am hoping to encourage you to act on the HFA petition to put an end to the practice of feeding dead pigs, horses and other animals to farm animals. Also, blood and blood products from all mammals including pigs and cows must be prohibited for use in feed and pet foods. Because U.S. pigs are known to have exhibited symptoms of central nervous system disease porcine materials and TSE-positive materials must not be fed to any animals or be used in cosmetics, fertilizer or other products.

Sincerely,

Jane Ruby
